IT HAS COME TO MY ATTENTION,

by way of recent revelations, discovery of persons. and provided documents (I.E. archives and history), that there are multiple STATE AND CITY court officials who are definitively classifiable as "bad actors".

These bad actors were criminally engaged in some type of nefarious , and ILLEGAL activity in order to :

1. circumvent justice,
2. inhibit free speech and,
3. manipulate election outcomes. t

Namely, they kidnapped and extorted me for *no reason* of my own.

They later fabricated an allegation portraying themselves as good samaritans attacked by myself alleged to have made some sort of verbal threats.

The act of kidnapping was present based on the element of duress by myself and my aging, disabled, diabetic passenger whom they separated me from and denied either party contact... for whom I called begging for ambulatory services after a harrowing 2 day ordeal attempting to get our vehicle out of a canyon after having two suspiciously caused flat tires.

We desperately depended on THE EMS 911 EMERGENCY MEDICAL ATTENTION AND THEY USED THAT premise as an opportunity to FORCE us into their PERSONAL vehicle and to their RESIDENCE. This residence was outside of cell service and away from the hospitals.. and we never did get ANY sort of medical attention for my passenger.

Ultimately they eventually sent her in my truck over to Seattle, after handing her the keys to my truck. The truck broke down half way and had to be towed and required an expensive TRANSMISSION REPLACEMENT.

In fact the merits of this case will support evidence that these officials were attempting to commit something akin to witness elimination.

Additionally, although more fit for the jury to interpret, perhaps; the tow driver UNLAWFULLY moved my vehicle by driving it. I gave explicit directions to dispatch as well as the homeowners / off duty dispatchers that NOBODY is to touch my vehicle without my presence.

As if the classic hisar robbery scheme is not clear enough; TOW TRUCK OPERATOR who had been DEMANDING my vehicle or "1,000 dollars in US CASH BILLS ONLY"; had surrendered my keys to the OFF DUTY dispatcher / homeowner after I carefully and calmly reminded him that he is required under statute to gain MY authorization to touch that vehicle and has now stolen it, This seemed to stop his persuit, and after some abusive name calling to me, and trying tp FALSELY identify himself as a good samaritan , he violently yelled at the homeowner and threw my keys claiming he was no longer interested in the truck or me. As I turned to Jeremiah and politely asked for my keys, he said "You aint getting your truck punk". I realizes at this point I was now a victim of robber as well, as physical force began to be thrown at me as Jeremiah was increasingly frustrated as he seemed to be losing control of his accomplices and the planned scheme seemed to spiral. I decided to focus om a foot escape with my passenger, and then contact a agency such as State Patrol intervene with this lawless contempt pf public trust.

BACK STORY / MOTIVE BEHIND SALLY BAGSHAW STALKING AND ATTEMPTING TO MURDER ME:

I have long been a Ed Murray opponet and one of the harshest social media broadcasters, whilst the next party I will highlight has been publicly passionate about protecting and hiding the crimes committed by Ed Murray causing his voluntary resignation. IN 2017, MY WIFE, A TENURED FEDERAL OFFICER WAS ROBBED AT GUNPOINT, in a

daring and unusually brazen public crime committed in 2017 on Pacific Hiway. This happed shortly after Ihelped the Seattle Times identify possible locations of sealed records concerning sexual offenses...EUGENE OREGON... which ultimately yielded a swift discovery and rapid successive voluntary resignation by Murray soon after. Keep in mind one of his accuser mysteriously died just days prior to, of am alleged overdose.

Further, the incident most concerning, has involved a very carefully planned and executed *plot to stage a fake murder suicide, thus carry out a **premeditated murder***. I will present that evidence when called upon to do so.

SOLVED: FLEEING ACCOMPLICE OF THE HOMEOWNERS

There was a female driving a red pickup who was frantically fleeing the scene there.. She yelled something to the effect of "I don't want him to see me" and the men yelled to her "just go! Hurry the cops are almost hear".

NEAR FATAL FALSE ARREST WITHOUT JUSTIFIED USE OF FORCE

The arrest itself was extremely dramatic and it was clear to me they were called upon to MURDER ME, again, for witness elimination. I can substantiate this at the very least, by way of highlighting the verbiage in the dialogue between dispatchers and homeowners. Arresting officers were personal acquaintances of Jeremiah according to Justin Titius, appointed counsel. This alone is extremely unsettling and I do thank the officers for their last minute hesitation after intially contacting me violently and accusing me of possessing a firearm.

AS ALWAYS I REMAINED CALM AND COOPERATIVE, COMPLYING WITH ALL DIRECTIVES.

I was able to capture multiple photos and I have just now discovered that the woman was none other than Seattle CITY Council Woman, and former 8 year tenure under (N Maleng) SENIOR prosecutor, and more.....SALLY BAGSHAW.

I have compiled a number of montages and presented them to federal analyst to assess and it has been universal consensus that the woman fleeing the Wenatchee address of my ALLEGED crimes, was in fact, SALLY BAGSHAW.

FURTHER:

Your court stenographer, WAS ALSO PRESENT AND WAS INTRODUCED TO ME AS ONE OF THE DFEFENDENTS MOTHERS. I was shocked to come to court and see her uniquely unforgettable appearance and startled to see her visibly become uneasy and attempt to hide her face as I simply sat in the court room. With not doubt this woman. Is the defendants CLAIMED mother.

I have tried multiple times to present this to two judges and JUSTIN TITUS, my counsel assigned, has urged me not to due to the likelihood I would be arrested for contempt.
